Dear Sir/Madam

**Green Builders Sussex Ltd**

When we started looking for a builder to carry out our kitchen alterations we looked on Checkatrade.com for a local firm. Green Builders Sussex Ltd had excellent reviews and scores so after looking at their own website and photos of work completed we phoned them and invited Michael to visit our house and give us a quote.

From that initial phone call to Michael within a few days he had a full quote sent to us by email and we quickly instructed him as our builder.

Michael fills you with confidence with his knowledge and his communication is excellent from start to finish.

Work started at the beginning of November 2015 and was scheduled to last 2 weeks.

Michael and his team of sons arrived on the first day and completely finished the removal of walls, steelwork, plastering, and all gas, electrical and plumbing work 9 days later. Our house was left clean and tidy everyday with all services still working.

All the team are punctual, hardworking, approachable and friendly. During the work we were able to discuss any issues that arose and Michael found ways to work around them.

The work was finished on time and on budget and we are delighted with our new kitchen/dining space.

We would recommend Michel Green and his team to anyone and we would be happy to answer any questions from prospective customers.

Yours Faithfully
