Reference for Green Builders, Brighton

I employed Green Builders to build a kitchen extension and new bathroom in my house last year. I had previously seen Michael's work at a friend's house and I was impressed with the quality of work.

Michael is a very good communicator and prior to the work starting we discussed the project and he gave me a full and accurate quote and starting date.

The work started on the due date and was carried out in a highly professional manner. As a family firm, he and his sons were extremely friendly and considerate. They tidied up at the end of each day and kept me fully informed of progress. They worked quickly and tidily. The level of workmanship is excellent and the care taken in the finishing is again excellent.

The project came in on time and within budget despite having to work around some unforeseen issues. I am delighted with the work.

Green builders come with my highest recommendation.

I am happy to be contacted directly if there are any questions you'd like to ask
